BRITTON®

BRITTON®

Britton brings a wide range of innovative products for the ultimate contemporary bathroom to suit you and your family. Our complete bathroom solutions are packed with clever features and additional benefits. NANO glaze easy-clean finish is included on selected toilet bowls. A comprehensive collection of furniture solutions to suit varying personal design preferences and bathroom sizes. A wide selection of bath designs in our Clearline and Cleargreen models. All brassware with ceramic disc operation, all showers with thermostatic control and all of our shower trays manufactured with a strong steel frame.

Britton is now introducing several refreshing new ranges including the Shoreditch furniture and ceramic range, the complete MyHome collection and the stunning new Hoxton brassware and accessories in a range of finishes. There is a Britton product that will fit perfectly in every bathroom.

Introducing our Shoreditch furniture collection. Choose from 4 colours, drawer configuration and basin style to suit your bathroom.

TALL Collection

The TALL basin pedestal offers superior comfort for taller people and the elderly or less able. With an increased height of 6cm, this reduces the risk of back pain whilst using the basin. The increased height of the TALL WC is a subtle 2cm but helps keep the knee angles at 90 degrees, making the toilet more comfortable and easier to get on and off. TALL toilets are available as Curve close-coupled, Curve back-to-wall and as Sphere close-coupled.

Shoreditch Furniture

Introducing the new Shoreditch furniture collection, our most comprehensive and modular range of storage solutions to suit every personal preference and bathroom size, especially designed for its environment.

Size

The Shoreditch unit is available in three sizes; 650mm, 850mm or 1000mm in either single or double drawer configurations, offering you the flexibility to find the perfect solution for your bathroom.

Matt Blue Matt White Matt Grey Caramel

Colour

Choose from three contemporary yet timeless Matt colours; an elegant White, sophisticated Grey or a deep, indulgent Blue. Alternatively, select a beautiful, Caramel Walnut effect. Whichever you choose, you'll make a real statement in your bathroom that not only is on trend but set to stand the test of time.

Carrara White Ice Blue Concrete Haze White

Worktops

Should you choose the countertop configuration, we have a range of four Minerva® worktops to offer further customisation. Whether you choose Carrara White, Ice Blue, Concrete Haze or White, you can be sure of superior quality and strength. Unlike marble or granite, Minerva® worktops are not porous, resisting most household chemicals whilst being exceptionally easy to keep clean and maintain.

Drawers

Whether you choose a single or double drawer configuration, Shoreditch drawers are constructed from solid wood and operate a soft-close effect on Hettich concealed runners, adding to the feeling of luxury in multiple ways, thus preventing the slamming of drawers and therefore offering protection to your bathroom furniture enhancing the aesthetic of your furniture when the drawer is open. Select the drawer organiser with a luxurious leather effect to further add the feeling of opulence whilst providing considered storage for your bathroom necessities.

Note

Origin

Quad

Yacht

Basin

Create a combination completely unique to your personal preferences with a choice of two integrated basins; Note, which features a gentle, angled internal shape or Origin, a softer, round shape. Alternatively, pair your Shoreditch unit with a choice of two countertop basins, Quad or Yacht and a worktop for a contemporary, luxurious aesthetic with the added benefit of additional worktop space for your everyday essentials.

Handle Options

Your Shoreditch unit comes with Chrome handles as standard. Upgrade your selection to Brushed Brass or Matt Black to correspond beautifully with your chosen Hoxton brassware and accessories for a consistent, contemporary look.

Solid Construction

Shoreditch furniture has been meticulously designed specifically for the bathroom environment and fully assembled in our factory to ensure easy, quick installation and robust construction. Each unit is manufactured in high quality 16mm medium density fibre board, sourced from sustainable forests and finished with industry-leading foil wraps and all joints secured with PUR glue, increasing water resistance and guaranteeing superior strength, so you can be sure your bathroom will continue to perform and maintain its look for years to come.

Fitted Furniture

A fitted bathroom with a straight line of base and wall cabinets covering one wall often gives the illusion of space whilst providing clever storage. Choose from furniture in White or Light Grey for a consistent and contemporary look.

Step 1

Size

Measure the wall you intend your fitted furniture to run along, ensuring you measure the depth to guarantee you'll have ample room when your chosen units are in place for other bathroom pieces such as a bath or shower.

Step 2

Base units

Choose your base units to add up to the length of your run. You will need at least one basin unit and possibly a WC unit if you'd like to maintain this product within the one wall, rather than placing separate ceramic elsewhere. Then simply make up the rest of the run with low or tall storage units.

Step 3

Basin

You can choose from a Quattrocast top with integrated basin or a ceramic basin with added worktop. The Quattrocast top should be the same length as the sum of your base units, WC and basin units combined. This creates a seamless look with no joins.

Step 4

Worktop

If you have chosen a ceramic basin, then simply select a worktop to cover the run of base units. The worktop will be cut to fit the basin (template provided). The worktops are available in the same 2 colours for consistency; White or Light Grey.

Step 5

Wall units

Choose wall units in either 300mm or 600mm widths and with or without mirrored doors for additional storage and the perfect finishing touch to your fitted furniture configuration.

Baths

Britton brings you a wide range of bath designs, shapes and sizes to suit your bathroom perfectly. There are 47 models across all the designs, all made in one exclusive high-strength Cleargreen format, with the most popular shapes also available in our more affordable Clearline format.

Quality

All of our baths utilise high quality materials throughout including:

- Only 5mm LUCITE™ acrylic sheet for the bath moulding, a leading material which is naturally slip-resistant.
- Floor-mounted leg fixings which provide a stable base and are adjustable to cope with uneven floors.
- A strong baseboard made of recycled material which is fully encapsulated into the bath.
- All British and European performance standards when installed in line with our instructions.
- A long guarantee of 10 years for Clearline baths and 30 years for Cleargreen baths.

Design

We design all our baths to maximise comfort while in use. Our bath rims are designed to be narrower than other producers, to maximise internal space while retaining a smaller footprint.

Range

We classify our baths into their design styles.

- Single ended baths have the backrest at one end and the taps opposite.
- Double ended baths have a backrest at both ends with the taps in the centre of the long side.
- Showering baths are designed to give a bigger space at the tap end to give freedom of movement whilst showering. These are available in right hand and left hand.
- Unique baths - The Nouveau freestanding and the Saturn back to wall bath, both designed for those wanting a real showstopper in their bathroom.

CLEARGREEN

▪ 25 YEARS GUARANTEE

CLEARLINE

▪ 10 YEARS GUARANTEE

A single ended bath with a subtle square internal shape for those preferring a more angular look. Available in 5 sizes to suit a variety of bathroom sizes. Some sizes are also available as Clearline.

Shower Screens

We offer a range of 5 shower screens you can add to our single, double ended or offset baths so you can pair your chosen bath showering sets. Our showering baths are available with uniquely shaped screens to follow their own specific shape. See page 92 for details.

This offset bath is available in either right or left handed options. The soft curves give this bath a contemporary feel and allows the piece to blend into its surroundings. The 1700mm size is also available in Clearline.

Optional Panels

Every bath is available with front and end panels for you to configure your desired bath. We only supply high quality reinforced panels which match the quality of the baths, alternatively baths can be tiled in or panelled with a shower proof boarding.

3M Easy-clean Coating

Cleargreen bathscreens have an easy-clean coating treatment as standard, proven to be stain resistant and easy to remove hard water marks.

Access panel

The EcoSquare bath screen with access panel allows you to reach in and turn on your shower without getting wet. It also features a unique pivoting glass panel to either follow the edge of the bath, or move into the bath to create more of an enclosure feel.

The Nouveau is a striking centrepiece in any contemporary bathroom. Available in a 1780mm or the Petite 1500mm length, so even the smallest of spaces can indulge in a freestanding bath.

Tap hole configuration

All of our freestanding baths are supplied with tap holes undrilled so you have the complete flexibility as to how you mount brassware.

MyHome

The MyHome Collection from Britton is an elegant and timeless bathroom range, by leading design group Bluefrog. Key elements of the design bring solutions to the space limitations of many homes.

The entire collection has been meticulously thought through to offer short projection ceramic and thin rims to maximise internal space whilst retaining a small footprint. The luxurious, understated designs combine superior function for small spaces at affordable prices, offering a competitively priced, complete bathroom with outstanding design.

Hoxton Collection

New for 2019 is Hoxton, an industrial inspired, minimal brassware, showering, accessory and waste range. Each brassware piece has been designed with elegance in mind with a super slim profile and 25mm cartridges. Constructed from solid brass with high quality electro plating and flow straighteners, the brassware is hard-wearing and easy to clean with exceptional smooth operation every time you turn the tap on. Every piece complies with the most rigorous European test standards so you can be assured that your brassware will last a lifetime. Pair with matching accessories and wastes for a consistent aesthetic.

Colour

Available in three stunning finishes; classical Chrome, stunning Matt Black for a dramatic effect or Brushed Brass for a look that screams sophisticated glamour.

Code: CW8 **£39**

Chrome high flow vortex shower waste
W: 115 x D: 130 x H: 110
Code: Z1205 **£10**

The Zamori 35mm high shower tray range is the most extensive available, with over 120 models to choose from to fit the space in your bathroom.

Flexible installation

Option 1

Placed flat on the floor

The thin Zamori trays are only 35mm high which gives a modern, minimalist appearance to even the simplest and most cost effective installation method.

Option 2

Sunk into the floor

The low 35mm height allows the tray to be sunk into the floor so that the upper surface is level with the floor. The framed rim still allows good water retention to avoid water escape, especially when combined with the self cleaning Vortex high flow shower waste (which clears up to 30 litres of water per minute).

Option 3

Raised above the floor

Zamori offers optional adjustable legs and panel sets for raising the tray 100mm above the floor. This allows for easy access to any plumbing, and is often the preferred option when retro fitting a new tray into an existing location. The packs include removable acrylic side panels to match the shower tray. These are held in place by magnetic clips to ensure maintenance is easy.

Reinforced trays

All our trays are manufactured from Acrylic sheet and incorporate our patented steel reinforcing frame. This is formed to be the exact shape of each tray and ensures rigidity for a lifetime of use. The trays are flat on the under-surface; this makes installation and levelling very easy.

- 1 Acrylic capped ABS layer
- 2 Bonding layer
- 3 Thickness control pad
- 4 Steel frame structure
- 5 PU Foam
- 6 Insulation layer - ABS sheet

Anti-bacterial

All Zamori shower trays are impregnated with an anti-bacterial zeomic agent.

One of the amazing qualities of silver is that it has inherent anti-microbial properties - Zamori has added the silver-based anti-bacterial additive Zeomic into the manufacturing process. The anti microbial qualities protect against harmful bacteria and suppresses mould growth.

1) The silver ions from Zeomic impregnate the microbe surface and are then absorbed by the cells through active transfer.

2) The silver ions react with several metabolic enzymes within the metabolic system of the microbes.

3) The activity of these enzymes is hindered and the growth of microbes is inhibited.

Anti-slip

Zamori anti-slip is simply the finest available.

Our anti-slip trays comply with DIN51097 class C - the highest anti-slip rating.

We are the only manufacturer to thermo bond the Swiss Grip Antislip onto the tray with a curing process - to ensure better performance for a cleaner and longer lasting surface.

DIN51097 class C anti-slip ramp test

Vortex turbo waste

Our shower waste is a 90mm diameter high flow Vortex Turbo waste designed to fit all our trays. This ensures that the water flows out at up to 30 litres per minute, making the Zamori shower waste one of the most efficient available - suitable for high volume showering applications.

The waste incorporates an easy-clean removable filter to capture any hair or other objects to remove the risk of blocking.

The waste is supplied with a solvent weld adaptor for different waste pipe sizes.
